

**8th Annual  
Neonatal/Pediatric Transport Conference  
April 28 - 30, 2010  
Sheraton Hotel - Downtown Austin, Texas**

Airborne Life Support Systems is hosting the 8th Annual Neonatal and Pediatric Transport Conference in Austin, Texas on April 28-30, 2010. This conference allows transport professionals to learn new techniques and the latest advances in neo/peds transport from experts in their field by interacting with other teams from across the US and Canada.

Austin, the Texas state capital, is known for its easygoing attitude, musical talent, cultural scene, and friendly atmosphere. In keeping with this casual and playful spirit, we have incorporated FUN NETWORKING ACTIVITIES each night for no additional cost.

**Wednesday Night Wine & Cheese Welcome Reception**

The welcome reception during registration offers a way to unwind and meet up with your old friends, get to know some new ones, and kick off the conference!

**Thursday Night BBQ and Casino Night**

Take a leisurely bus ride through the beautiful Texas hill country to the Creekside Pavilion for a fun night at the Casino with BBQ, spirits, a DJ, and door prizes.

**Friday Night Riverboat Cruise**

A laid back cruise on Lake Austin at sunset with a Tex-Mex fajita dinner and frozen margaritas on the Riverboat Commodore to thank yourself for a job well done! Note: The Riverboat cruise is limited to the first 200 people who register for the conference.

**Hotel Accommodations:** The conference will be held at the Sheraton Austin Hotel, 701 E. 11th Street, Austin, Texas, 78701.

The discounted room rate of \$139/night + tax is available on a first come basis and will close on March 29, 2010. You may reserve online or call the hotel directly at 512.478.1111 and tell them you are with Airborne Life Support Systems. (Note: The room block may fill quickly!)

**Transportation to hotel:** You may take a taxi to and from the airport or use Super Shuttle if you have a group of 4 people or more. (Chartered buses will provide transportation to and from the offsite dinner parties.)

The main conference general session will be held all day Thursday and Friday morning with topics relating specifically to neonatal and pediatric specialties.

**General Session Topics**

HFV and Aeromedical Transport Physiology: Illustrative Case Reports and Topical Discussions

Extreme Neonatal Transport: "Experience and Reason"

Tips on Dealing with Colleagues, Co-Workers, and other Aliens

Diagnosis and Transport of Infants with Suspected Congenital Heart Disease (CHD)

Pediatric Specialized Transport Teams: Improved Outcomes...The Literature Speaks!

The Black and White of X-ray Interpretation

An Interactive Analysis of Cases in Transport Medicine

Interactive Neonatal Emergency Simulation: Interactive Neonatal Simulation and Discussion

In addition to the general session you can choose from the HFV & Nitric Oxide Workshop or the S.T.A.B.L.E. Cardiac Module

**High Frequency Ventilation and Nitric Oxide Workshop**  
Clinical specialists will cover nitric oxide delivery and high frequency ventilation on transport. This workshop will be conducted as small group breakout sessions.

**S.T.A.B.L.E. Cardiac Module**

This learner course provides general guidelines for the assessment and stabilization of neonates with suspected congenital heart disease (CHD). For more information go to: [www.stableprogram.org](http://www.stableprogram.org)

## Conference Faculty

Jennifer Arnold, MD  
Medical Director, Pediatric Simulation Center  
Assistant Professor of Pediatrics, Division of Neonatology  
Texas Children's Hospital  
Baylor College of Medicine, Houston, Texas

Tammy Bleak, RN  
Neonatal Flight Nurse  
Primary Children's Medical Center, Salt Lake City, UT

Bryan Darling, MD, FAAP  
Medical Director, Neonatal ICU  
Women's Hospital North Mississippi Medical Center, Tupelo, MS

Sheri Dimond, RRT  
Nitric Oxide Clinical Research Manager  
Alberta, Canada

Webra Price-Douglas, PhD, CRNP  
Coordinator, Maryland Regional Neonatal Transport Program  
University of Maryland and Johns Hopkins Hospital, Baltimore, MD

Howard Heiman, MD, FAAP  
Attending Neonatologist, Neonatal Transport Consultant  
Schneider Children's Hospital at North Shore, Manhasset, NY

Robert Holcomb, MD, FAAP  
Medical Director, Neonatal Transport Service HCA Midwest Division  
Medical Director, Menorah Medical Center Neonatal ICU  
Overland Park Regional Medical Center, Overland Park, Kansas

Kirsten Johnson-Moore, RN, MSN, PHRN  
Director, Emergency Nursing Services  
St. Christopher's Hospital for Children, Philadelphia, PA

Richard Orr, MD, FAAP  
Medical Director  
Director of Pediatric Critical Care, Senior Advisor, Critical Care Transport  
Children's Hospital of Pittsburgh, Pittsburgh, PA

Kathy Overley, RRT  
Critical Care Transport Team  
St. Vincent's Hospital, Indianapolis, IN

Howard Stein, MD  
Neonatologist, Director of Neonatal Transport, Pediatric Cardiologist  
Toledo Children's Hospital, Toledo, OH

Diana J. Wilson, MSN, RN, NNP-BC  
Neonatal Nurse Practitioner Service  
Texas Children's Hospital, Houston, Texas
